

Electronic Health Records.—As mentioned previously in the report, the Committee remains concerned about the development of VA's electronic health record [EHR] and believes it necessary to monitor VA's progress, including its obligations and expenditures, as it pursues its VistA Evolution program. The Committee again includes language in the act limiting obligation or expenditure of information technology development funding for VistA Evolution to 25 percent of funds provided until the Department submits to the Committees on Appropriations of both Houses of Congress, and such Committees approve, a report that describes: (1) the status of and any changes to the VistA Evolution program plan [Plan], the revised VistA 4 product roadmap [Roadmap], and the VistA 4 Incremental Life Cycle Cost Estimate; (2) any changes to the scope or functionality of projects within VistA Evolution as established in the Plan; (3) actual program costs incurred to date; (4) progress in meeting the schedule milestones established in the Plan; (5) a Project Management Accountability System [PMAS] Dashboard progress report that identifies each VistA Evolution project being tracked through PMAS, what functionality it is intended to provide, and what evaluation scores it has received throughout development; (6) the definition being used for interoperability between the electronic health record systems of DOD and VA, the metrics to measure the extent of interoperability, the milestones and timeline associated with achieving interoperability, and the baseline measurement associated with interoperability; (7) progress toward developing and implementing all components and levels of interoperability; (8) the change management tools in place to facilitate the implementation of VistA Evolution and interoperability; and (9) any changes in the governance structure for VistA Evolution and its chain of decision-making authority.

Additionally, the Department is directed to continue to provide quarterly briefings to the Committees on Appropriations of both Houses of Congress regarding schedule, milestones, and obligations. The Committee understands VA is committed to developing VistA Evolution under PMAS, which is focused on incremental development with deliverable milestones every 6 months. Therefore, the quarterly briefing should clearly define the 6 month PMAS delivery schedule.

The DOD/VA Interagency Program Office is directed to continue to provide briefings to the Committees on a quarterly basis regarding standards development and how those standards are being incorporated by both Departments. In an effort to ensure government-wide accountability, the Committee also directs VA, in coordination with DOD, to provide the Federal Chief Information Officer of the United States with monthly updates on progress made by the two Departments to reach interoperability and modernize their respective electronic health records.

The Committee understands one of the goals of VistA Evolution is to create a more patient-centered enterprise-wide information system that will promote integration and efficiency. The Committee urges VA to prioritize efficiency and streamline the patient experience by expediting the VistA Evolution modernization effort.

When the Secretaries of the DOD and VA announced in February 2013 the two Departments would move forward in modernizing

their respective EHRs instead of developing a single, integrated system, they provided assurances the systems would be interoperable. Therefore, the fiscal year 2014 National Defense Authorization Act directed the Departments to use a data dictionary—a tool that promotes interoperability by allowing information entered with different terminologies on different EHR systems to be accurately interpreted and understood by healthcare providers—when no national standard for interoperability exists. Because interoperability of the two systems is a mandate from Congress, the Committee directs VA and DOD to make as rapid progress as possible on the congressionally-mandated requirement to use a data dictionary (unless or until a national standard exists) and commit funds from available recourses to support the implementation of such a system.

Virtual Lifetime Electronic Record.—Virtual Lifetime Electronic Record [VLER] Health Exchange allows VA providers to request and share certain parts of veteran health records with DOD and selected private healthcare providers in a secure electronic environment. The Department is directed to continue expanding efforts to address electronic health record interoperability issues that exist between VA and private healthcare providers. The Committee is aware VA continues to pilot this effort in several areas throughout the country and encourages the Department to prioritize the expansion of this capability to VA sites in states with designated Regional Health Information Organizations.

Information Security.—The Committee is concerned by persistent findings of significant material weaknesses in VA's information technology systems. At a time when health data is one of the biggest targets for cyber theft, VA must ensure a vigilant and aggressive cybersecurity posture and culture enterprise-wide. The Department is directed to submit a report to the Committees on Appropriations of both Houses of Congress no later than 180 days after enactment of this act outlining VA's plan to close out all of its significant material weaknesses within the next 2 years. Further, the Committee directs VA to expand the use of third-party information security operation reviews in order to provide additional protection against threats.

Pharmacy Information Technology Systems.—The fiscal year 2003 National Defense Authorization Act (Public Law 107-314, 10 USC 1074 note), section 724, required VA and DOD to establish an interoperable pharmacy data transaction system by October 1, 2005. The Committee is concerned VA has failed to comply with section 724 and does not possess an interoperable pharmacy data transaction system, and the absence of that system inhibits the timely and accurate transition of servicemembers and their records from DOD to VA. The Committee is also concerned the pharmacy division of the Veterans Health Administration [VHA] is not part of an integrated healthcare system consistent with the best practices of the healthcare industry. Additionally, the Committee is concerned VHA has failed to acquire needed information technology capabilities and modernize existing information technology within the pharmacy division of VHA. Within existing VHA pharmacy information technology systems, the Committee is concerned VHA pharmacies are not networked and data is not able to be viewed,

shared, and transferred amongst the many VHA pharmacies located throughout the United States and its territories, which in turn may lead to waste, fraud, and abuse. The Comptroller General is directed to submit a report to the Committees on Appropriations of both Houses of Congress no later than 180 days after the enactment of this act assessing whether VA has complied with section 724 of the fiscal year 2003 National Defense Authorization Act and currently possesses a functioning pharmacy data transaction system that is interoperable with DOD, and whether this system, or absence thereof, is impacting servicemembers who transition care from DOD to VA. The Comptroller General shall also assess the extent to which VHA pharmacy information technology systems are networked across the VHA enterprise so data can be viewed, shared, and transferred amongst the many VHA pharmacy locations. Finally, the report shall assess whether the pharmacy division of VHA has acquired and modernized information technology systems in accordance with the best practices of the healthcare industry to include an electronic prescription capability, prescription monitoring capability, and other technologies deemed relevant.

Transformation Twenty-One Total Technology Next Generation.—The Committee remains interested in the pending Transformation Twenty-One Total Technology Next Generation [T4NG] procurement and notes the T4NG program is a significant and complex VA information technology expenditure. It is important for VA to carefully consider a broad range of vendors during the procurement process in order to maximize competition, minimize continuity risks, procure experienced talent, and ensure good stewardship of taxpayer dollars. Therefore, the Department is urged to extend the number of large business awards for those not reserved for particular categories of vendors in order to maximize its consideration of emerging technologies and minimize the risk to veterans from significant contractor support turnover.

OFFICE OF INSPECTOR GENERAL

Appropriations, 2015	\$126,411,000
Budget estimate, 2016	126,766,000
House allowance	131,766,000
Committee recommendation	126,766,000

PROGRAM DESCRIPTION

The Office of Inspector General [OIG] was established by the Inspector General Act of 1978 and is responsible for the audit, investigation, and inspection of all Department of Veterans Affairs programs and operations.

Antimicrobial Stewardship Program.—On January 22, 2014, VHA issued Directive 1031 establishing a policy for the implementation and maintenance of Antimicrobial Stewardship Programs at all VHA facilities. Rates of antimicrobial resistance in hospitals continue to rise despite efforts to control the spread. As the directive states, “infection with resistant organisms is associated with increased mortality, excess hospital days, and increased healthcare costs.” While the Committee commends the Department for developing the policy guidance, there is concern that implementation of the Antimicrobial Stewardship Programs may vary from facility to

facility. Therefore, the Office of Inspector General is directed to conduct a review of the efforts to implement these programs at VHA facilities in order to determine to what extent VHA is taking sufficient and consistent steps to improve antibiotic use and reduce antibiotic-resistant infections, including those priority pathogens identified in the President's National Strategy to Combat Anti-microbial-Resistant Bacteria. In addition, the review shall also include an evaluation of VHA's efforts to collect and analyze data on antibiotic use and resistance. The results of this review shall be submitted to the Committees on Appropriations of both Houses of Congress no later than September 30, 2016.

COMMITTEE RECOMMENDATION

The Committee recommends \$126,766,000 for the Office of Inspector General. This is \$355,000 above the fiscal year 2015 enacted level and equal to the budget request. The Committee has included bill language to make available through September 30, 2017, up to \$12,676,000 for the Office of the Inspector General.

CONSTRUCTION, MAJOR PROJECTS

Appropriations, 2015	\$561,800,000
Budget estimate, 2016	1,143,800,000
House allowance	561,800,000
Committee recommendation	1,027,064,000

PROGRAM DESCRIPTION

The Construction, major projects account provides for constructing, altering, extending, and improving any of the facilities (including parking projects) under the jurisdiction or for the use of the VA, including planning, architectural and engineering services, needs assessment, and site acquisition where the estimated cost of a project is more than the amount set forth in 38 U.S.C. 8104(a)(3)(A). Proceeds realized from Enhanced Use Lease activities may be deposited into the Construction, major projects and Construction, minor projects accounts.

COMMITTEE RECOMMENDATION

The Committee recommends an appropriation of \$1,027,064,000 for the construction of major projects. This is \$465,264,000 above the fiscal year 2015 enacted level and \$116,736,000 below the budget request.

The following table reflects the President's budget request for major construction projects and the corresponding Committee recommendations.

Major Construction Management.—As previously mentioned in the report, the Committee believes, in the wake of the cost overrun and mismanagement at the Denver VA Medical Center, the Department should partner with the U.S. Army Corps of Engineers [USACE] for the management of major medical facility construction projects. The Committee believes the USACE is the right partner for VA as it designs and builds major construction projects, and the Committee directs the Department to enter into an agreement with the USACE to manage the next seven major medical facility construction projects, five of which are funded in the act. The following table reflects the next seven projects where USACE should serve as VA's construction agent.

[INSERT TABLE TO COME]

The Committee includes language in the act directing \$490,700,000 shall not be available until the Department enters into an agreement with USACE to serve as the design and construction agent for the five projects in the above table with funding in fiscal year 2016. Going forward, all new medical facilities with a cost of \$250 million or greater should have USACE designated as its design and construction agent. The Department is directed to report to the Committees on Appropriations of both Houses of Congress within 30 days of enactment of this act on its agreement with USACE to manage these seven projects, and its plan to ensure all future new medical facilities with a cost of \$250 million or greater are managed by USACE.

CONSTRUCTION, MINOR PROJECTS

Appropriations, 2015	\$495,200,000
Budget estimate, 2016	406,200,000
House allowance	406,200,000
Committee recommendation	378,080,000

PROGRAM DESCRIPTION

The Construction, minor projects account provides for constructing, altering, extending, and improving any of the facilities (including parking) under the jurisdiction or for the use of VA, including planning, assessment of needs, architectural and engineering services, and site acquisition, where the estimated cost of a project is equal to or less than \$10,000,000. Public Law 106-117, the Veterans Millennium Health Care and Benefits Act of 1999, gave VA authority to make capital contributions from minor construction in enhanced-use leases. Proceeds realized from enhanced-use lease activities may be deposited into the Construction, major projects and Construction, minor projects accounts.

COMMITTEE RECOMMENDATION

The Committee recommends \$378,080,000 for minor construction. This is \$117,120,000 below the fiscal year 2015 enacted level and \$28,120,000 below the budget request.

The recommendation includes \$247,505,000 for the Veterans Health Administration, \$69,050,000 for the National Cemetery Administration, and \$61,525,000 for the Veterans Benefits Administration. The Department is directed to provide an expenditure plan to the Committees on Appropriations of both Houses of Congress no later than 30 days of enactment of this act for the amount appropriated for minor construction.

Mobile Surgical Units.—The Department is directed to launch a pilot project in at least two VISNs that are contemplating renovation or construction projects with the intent of leasing or purchasing mobile surgical units for this purpose through full and open competition. In preparing for such pilot projects, VA should develop metrics for a cost efficiency analysis designed to determine for each individual project whether this approach will achieve savings for VA when compared to contracting with local medical providers for the same surgical services. VA should also establish national performance standards for mobile surgical units used in this way ensuring the units are state licensable and meet Joint Commission standards. The Department is directed to provide quarterly reports to the Committees on Appropriations of both Houses of Congress on its progress towards meeting these directives.

GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

Appropriations, 2015	\$90,000,000
Budget estimate, 2016	80,000,000
House allowance	80,000,000
Committee recommendation	100,000,000

PROGRAM DESCRIPTION

This account is used to provide grants to assist States in acquiring or constructing State home facilities for furnishing domiciliary

or nursing home care to veterans, and to expand, remodel, or alter existing buildings for furnishing domiciliary, nursing home, or hospital care to veterans in State homes. The grant may not exceed 65 percent of the total cost of the project. Public Law 102-585 granted permanent authority for this program, and Public Law 106-117 provided greater specificity in directing VA to prescribe regulations for the number of beds for which grant assistance may be furnished. This program has been a successful partnership between States and VA in meeting the long-term care needs of elderly veterans for decades.

COMMITTEE RECOMMENDATION

The Committee recommends \$100,000,000 for grants for the construction of State extended care facilities. This is \$20,000,000 above the budget request.

The Committee recognizes Public Law 106-117 took an important step in directing VA to define regulations for the number of beds for which grants may be provided to States. Last year, the Committee noted VA had not updated the regulations defining “great, significant, or limited” unmet needs despite the legislation having been signed into law 5 years before. The Committee is pleased to learn VA is currently undertaking a revision of the regulation setting the maximum bed number of State homes beds for each State. As part of this revision, VA will review the methodology used in past years to determine these numbers as well as the current definitions for “limited, significant, and great” need. The Department is directed to keep the Committee apprised of the timeline of this revision and expects updates from VA to ensure no gaps in care exist across the country. Further, the Committee believes current regulation may not accurately reflect the unique needs of States with large rural populations or small States that do not have access to alternate facilities which provide this care. Therefore, the Committee directs the Office of Rural Health [ORH] to partner with State agencies to study the need for long-term care for veterans in rural or highly rural areas. In addition, the recommendation includes bill language allowing ORH to transfer up to \$20,000,000 to the grant program to assist in providing grants to rural and highly rural areas. Additionally, the Committee notes in fiscal year 2015, the Priority Group 1 list outlined a need of over \$409,000,000 just to keep pace with what was on the Priority list, yet the budget request for the program was \$80,000,000. The Committee has not received the fiscal year 2016 Priority Group 1 list; however, it is anticipated the need will likely be as high as it was in fiscal year 2015. Therefore, the Committee has added an additional \$20,000,000 above the budget request for the program and instructs the Department to begin to provide more realistic budget estimates in the future.

GRANTS FOR CONSTRUCTION OF VETERANS CEMETERIES

Appropriations, 2015	\$46,000,000
Budget estimate, 2016	45,000,000
House allowance	45,000,000
Committee recommendation	46,000,000

PROGRAM DESCRIPTION

Public Law 105-368 amended title 38 U.S.C. 2408 and established authority to provide aid to States for establishment, expansion, and improvement of State veterans cemeteries, which are operated and permanently maintained by the States. This statutory change increased the maximum Federal share from 50 percent to 100 percent in order to fund construction costs and initial equipment expenses when the cemetery is established. States remain responsible for providing the land and for paying all costs related to operation and maintenance of the cemeteries, including the costs for subsequent equipment purchases.

COMMITTEE RECOMMENDATION

The Committee recommends \$46,000,000 for grants for the construction of State veterans cemeteries. This is \$1,000,000 above the budget request.

TITLE III
RELATED AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION

OVERVIEW

The American Battle Monuments Commission was established by Congress in 1923 and is responsible for the following: designing, constructing, operating, and maintaining permanent American cemeteries in foreign countries; establishing and maintaining U.S. military memorials, monuments, and markers where American Armed Forces have served overseas since April 6, 1917 (the date of the United States entry into World War I), and within the United States when directed by public law; and, controlling the design and construction of permanent U.S. military monuments and markers by other U.S. citizens and organizations, both public and private, and encouraging their maintenance. ABMC administers, operates, and maintains 25 permanent American military cemeteries and 26 Federal memorial, monuments, and markers located in 16 foreign countries, the U.S. Commonwealth of the Northern Mariana Islands, and the British Dependency of Gibraltar, and the United States of America.

SALARIES AND EXPENSES

Appropriations, 2015	\$74,100,000
Budget estimate, 2016	75,100,000
House allowance	75,100,000
Committee recommendation	75,100,000

COMMITTEE RECOMMENDATION

The Committee recommends \$75,100,000 for the Salaries and expenses account. This amount is \$1,000,000 above the fiscal year 2015 enacted level and equal to the budget request.

FOREIGN CURRENCY FLUCTUATIONS

Appropriations, 2015	\$1,900,000
Budget estimate, 2016	2,000,000
House allowance	2,000,000
Committee recommendation	2,000,000

COMMITTEE RECOMMENDATION

The Committee recommends an estimated \$2,000,000 for the Foreign Currency Fluctuations account. This amount is equal to the budget request.

The Committee has again included language in the accompanying act, as proposed by the administration, that would allow funding for this account on a "such sums as necessary" basis. Funding the account in this manner allows the Commission to maintain cemeteries regardless of the volatility of foreign currency fluctuations.

UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS

OVERVIEW

The United States Court of Appeals for Veterans Claims was established by the Veterans' Judicial Review Act of 1988. The Court is an independent judicial tribunal with exclusive jurisdiction to review decisions of the Board of Veterans Appeals. It has the authority to decide all relevant questions of law; interpret constitutional, statutory, and regulatory provisions; and determine the meaning or applicability of the terms of an action by the Secretary of Veterans Affairs. It is authorized to compel action by the Secretary. It is authorized to hold unconstitutional or otherwise unlawful and set aside decisions, findings, conclusions, rules, and regulations issued or adopted by the Secretary of Veterans Affairs, the Board of Veterans Appeals, or the Chairman of the Board that are found to be arbitrary or capricious. The Court's principal office location is Washington, DC; however, it is a national court, empowered to sit anywhere in the United States.

SALARIES AND EXPENSES

Appropriations, 2015	\$31,386,000
Budget estimate, 2016	32,141,000
House allowance	32,141,000
Committee recommendation	32,141,000

COMMITTEE RECOMMENDATION

The Committee recommends \$32,141,000 for the U.S. Court of Appeals for Veterans Claims. This amount is \$755,000 above the fiscal year 2015 enacted level and equal to the budget request.

DEPARTMENT OF DEFENSE—CIVIL

CEMETERIAL EXPENSES, ARMY

OVERVIEW

The Secretary of the Army is responsible for the administration, operation and maintenance of Arlington National Cemetery and the Soldiers' and Airmen's Home National Cemetery. In addition to its principal function as a national cemetery, Arlington is the site of approximately 3,000 nonfuneral ceremonies each year and has approximately four million visitors annually.

SALARIES AND EXPENSES

Appropriations, 2015	\$65,800,000
Budget estimate, 2016	70,800,000
House allowance	70,800,000
Committee recommendation	70,800,000

COMMITTEE RECOMMENDATION

The Committee recommends \$70,800,000 for Salaries and Expenses. This amount is \$5,000,000 above the fiscal year 2015 enacted level and equal to the budget request.

Land Exchange.—The Committee recognizes the future burial capacity of Arlington National Cemetery would be dramatically in-

creased through a land exchange in the area of the former Navy Annex site with Arlington County and the Commonwealth of Virginia. The Committee strongly supports this effort and understands the Secretary of the Army is working with Arlington County and the Virginia Department of Transportation to finalize the land exchange agreement. The closure and relocation of current State and local roadways in this area would facilitate such an exchange. The Committee urges the Secretary of the Army to continue to work closely with the Virginia Department of Transportation and Arlington County to finalize details of the proposed land exchange so that the cemetery expansion plans, including the relocation of utilities, can move forward as expeditiously as possible.

ARMED FORCES RETIREMENT HOME

OVERVIEW

TRUST FUND

Appropriations, 2015	\$63,400,000
Budget estimate, 2016	64,300,000
House allowance	64,300,000
Committee recommendation	64,300,000

COMMITTEE RECOMMENDATION

The Committee recommends authority to expend \$64,300,000 from the Armed Forces Retirement Home [AFRH] Trust Fund to operate and maintain the Armed Forces Retirement Home—Washington, DC, and the Armed Forces Retirement Home—Gulfport, Mississippi.

Office of Inspector General Findings.—The Committee remains concerned with the findings of the Inspector General [IG] of the Department of Defense as included in report number DODIG–2014–093 regarding the Armed Forces Retirement Homes [AFRH]. The Chief Operating Officer of the AFRH is directed to submit a report to the Committees on Appropriations of both Houses of Congress no later than 180 days after enactment of this act detailing its continued progress in complying with the IG recommendations. The report should include specific actions taken to implement the recommendations. The Committee intends to continue to monitor the AFRH as these issues are addressed.

ADMINISTRATIVE PROVISIONS

Sec. 301. The Committee includes a provision allowing the relocation of a federally owned water main.

Sec. 302. The Committee includes a provision making available funds as authorized by 10 U.S.C. 4727.

TITLE IV

GENERAL PROVISIONS

SEC. 401. The Committee includes a provision that prohibits the obligation of funds beyond the current fiscal year unless expressly so provided.

SEC. 402. The Committee includes a provision that prohibits the use of funds for programs, projects, or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

SEC. 403. The Committee includes a provision that requires pay raises to be absorbed within the levels appropriated.

SEC. 404. The Committee includes a provision that prohibits the use of funds to support or defeat legislation pending before Congress.

SEC. 405. The Committee includes a provision that encourages the expansion of E-commerce technologies and procedures.

SEC. 406. The Committee includes a provision that specifies the congressional committees that are to receive all reports and notifications.

SEC. 407. The Committee includes a provision that limits funds from being transferred from this appropriations measure to any instrumentality of the United States Government without authority from an appropriations act.

SEC. 408. The Committee includes a provision regarding the posting of congressional reports on agency Web sites.

SEC. 409. The Committee includes a provision prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

SEC. 410. The Committee includes a provision limiting the construction of facilities for the purposes of housing individuals detained at Guantánamo Bay, Cuba.

PROGRAM, PROJECT, AND ACTIVITY

In fiscal year 2016, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177) or the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119), the following information provides the definition of the term “program, project, and activity” for departments, agencies and programs under the jurisdiction of the Military Construction and Veterans Affairs, and Related Agencies subcommittee. The term “program, project, and activity” shall include the most specific level of budget items identified in the Military Construction and Veterans Affairs, and Related Agencies Appropriations Act, 2016, the House and Senate Committee reports, and the conference report and accompanying joint explanatory statement of managers of the committee of conference.

If a sequestration order is necessary, in implementing the Presidential order, departments, and agencies shall apply any percentage reduction required for fiscal year 2016 pursuant to the provisions of Public Law 99-177 or Public Law 100-119 to all items specified in the justifications submitted to the Committees on Appropriations of the Senate and House of Representatives in support of the fiscal year 2016 budget estimates, as amended, for such departments and agencies, as modified by congressional action, and in addition, for the Department of Defense, Military Construction, the definition shall include specific construction locations as identified in the explanatory notes.

COMPLIANCE WITH PARAGRAPH 7, RULE XVI, OF THE STANDING RULES OF THE SENATE

Paragraph 7 of rule XVI requires that Committee reports accompanying general appropriations bills identify each recommended amendment which proposes an item of appropriation which is not made to carry out the provisions of an existing law, a treaty stipulation, or an act or resolution previously passed by the Senate during that session.

The Committee recommends funding for the following programs which currently lack authorization:

COMPLIANCE WITH PARAGRAPH 7(c), RULE XXVI OF THE
STANDING RULES OF THE SENATE

Pursuant to paragraph 7(c) of rule XXVI, on May 00, 2015, the Committee ordered favorably reported en bloc a bill (H.R. 0000) making appropriations for military construction, the Department of Veterans Affairs, and related agencies for the fiscal year ending September 30, 2016, and for other purposes, provided, that the bill be subject to amendment and that the bill be consistent with the subcommittee allocation, by a recorded vote of 00-00, a quorum being present. The vote was as follows:

Yeas

Nays

COMPLIANCE WITH PARAGRAPH 12, RULE XXVI OF THE
STANDING RULES OF THE SENATE

Paragraph 12 of rule XXVI requires that Committee reports on a bill or joint resolution repealing or amending any statute or part of any statute include "(a) the text of the statute or part thereof which is proposed to be repealed; and (b) a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions which would be made by the bill or joint resolution if enacted in the form recommended by the committee."

In compliance with this rule, changes in existing law proposed to be made by the bill are shown as follows: existing law to be omitted is enclosed in black brackets; new matter is printed in italic; and existing law in which no change is proposed is shown in roman.
